Catalog Course Description: This is the second in a two-semester sequence in oral communication required for the B.S. degree in Chemistry. Together, these two courses provide an introduction to the techniques and style of technical oral presentation generally accepted by professional chemists. Class will meet two hours per week, the first hour in open session, the second in closed session. Chem 482 students are required to give one 40 minute oral presentation during the semester on a date scheduled by the instructor, attend all of the other public seminars (Tuesdays) and participate in critiquing presentations by graduate students, chemistry faculty, and their peers during the Thursday session.

Note: The oral communication intensive credit is earned upon successful completion of both CHEM F481 and Chem482.
